With respect to me, this would be a clear case of when Mexico sends its people, they are not sending their best!

I hope the parties recognize the importance of the SEM, particularly this year, and send the both of you!

Robert

Hi Robert:

I would be delighted to have a meeting but I still don't know if I am going to be in OKC. I hope I will but I have no confirmation of it as of today.

Keep tuned.

Asunto: Possible SEM POC meeting in OKC?

Greetings, SEM POCs!

I was wondering if you thought we might have time for an in-erson meeting in OKC, as we did last year in Charlottetown (Paolo and Doris would connect by phone)? Perhaps sometime on Tuesday, June 26? I have a draft of the Council schedule, but I am not sure which events you will be participating in on that day. I will be giving a short update at JPAC meeting on Tuesday, which is tentatively scheduled for 4:30pm. What about the morning of the 26th?

Best,

Robert
